Mathematical Analysis Seminar in Kumamoto

日時, date 2014年 2月 22日 (土) 15:30 より

(通常の日時と異なります)

Saturday, 22. February, 2014, 15:30

場所, room 大学院自然科学研究科棟 3階数理演習室 (301号室)

301-Room on the 3rd floor in the building of Graduate School

講演者, speaker Armin Schikorra

(Max-Planck Institute for Mathematics in the Sciences, Leipzig)

講演題目, Title **Integro-Differential harmonic maps into manifolds**

概要, Abstracts I will present results and ideas for the proof for regularity theory for critical points of non-local, degenerate integro-differential energies into manifolds which are related to p -harmonic maps.
